INTRODUCTION

This form is interactive when viewed in [Adobe Acrobat Reader](#) and may not function correctly if opened with applications other than Acrobat. All prices are MSRP. Prices, specifications, part numbers, and availability are subject to change without notice. Prices and part numbers as shown are only available when configured as a complete lift. Please contact technical service for accurate parts ordering.

COMMANDER 450 SELECTION

REQUIRED. 450 lb weight capacity. Failure to observe this limit could result in serious injury and voids your warranty. The Commander 450 comes standard with the vehicle hard wire kit and one docking device per lift ordered. Not available with hybrid vehicles. Trucks with aluminum or composite beds need additional verification for the application.
