

Backpacker AVP 2.0

Interior Platform Lift

Puddle Light for platform illumination in low-light settings

Standard Wireless Remote

DRIVE ON AND OFF ALL-STEEL PLATFORM

Backpacker Interior Lifts are specifically engineered for scooter and power chair transportation inside your vehicle cargo area, providing concealment and weather protection.

The low-profile, one-piece design allows for easy loading and unloading of your mobility product. Features include a durable 12-volt motor with an easy-to-use two button wired and wireless hand control for easy and reliable operation. Most applications do not require drilling or vehicle modifications.
