GrowFL Announces 2020 Florida Companies to Watch Finalists
Harmar Mobility LLC Among Second-Stage Businesses
Competing to Earn Prestigious Honor

(SARASOTA, FL) Harmar Mobility LLC has been named one of the 2020 Florida Companies to Watch finalists recently announced by GrowFL. The awards event honors impressive second-stage companies from across the state for developing valuable products and services, creating quality jobs, enriching communities, and broadening new industries throughout Florida.

Together, the 2020 GrowFL Florida Companies to Watch Finalists represent nearly 3,000 jobs and generate \$670 million in revenue. These companies, all of which are “worth watching,” anticipate a growth of 13 percent in revenue and 23 percent in employment by the end of 2020.

“We were thrilled to be named a finalist for this prestigious award”, said Steven Dawson, Harmar CEO. “Our team has continued to uphold a tradition of excellence, even in these difficult times and it’s nice to see their hard work be recognized”, he added.

The finalists were selected from more than 400 nominations and are now in the running to be named a 2020 GrowFL Florida Companies to Watch Honoree. If selected as an honoree, these exemplary second-stage companies will join the 450 honorees that have been recognized since 2011.

“We applaud these first-round finalists who have proved themselves to be stand out companies in the state. They have and continue to demonstrate the resiliency and tenacity that comes along with being an entrepreneur. We know this year hasn’t been easy, so we’re excited to recognize our states admirable business owners and their teams. I have a feeling they’re just getting started,” says Dr. Tom O’Neal, GrowFL Founder.

The 2020 honorees will be recognized on November 12, 2020 at 6pm during a live broadcast from Orlando, Florida. For more information visit <https://www.growfl.com/flctw20/about-flctw/>.

About GrowFL:

GrowFL is dedicated to support and accelerate the growth of second-stage companies throughout Florida, by providing their leaders focused, efficient, and timely access to resources they deem important, such as connections with other second-stage company leaders, and to professional organizations whose expertise, experience, and products lead to the second-stage company's continued growth and prosperity resulting in diversification and growth of Florida's economy. Second-stage growth companies have at least 10 employees and a \$1 million in revenue and possess an intent and desire to grow beyond second stage. Website: <http://www.growfl.com>

About the Edward Lowe Foundation:

Established in 1985, the Edward Lowe Foundation is a national, nonprofit organization that supports entrepreneurship through research, recognition and educational programs, which are delivered through entrepreneur support organizations (ESOs). The foundation focuses on second-stage companies — those that have moved beyond the startup phase and seek significant, steady growth. In addition, the foundation has a second mission of land stewardship and is committed to preserving the natural resources and historically significant structures at Big Rock Valley, its 2,000-acre home in southwest Michigan.
